Praise God

Over the winter period, during a time of increased need God graciously blessed us with practical donations from individuals and businesses - here are some ways that people helped us;

- a gentleman who runs a business in Stoke gave us hundreds of blankets, just as we faced our coldest winter for 30 years.
- Out of the blue, Manchester Fire Service knocked on our door and donated a large quantity of duvets and sleeping bag.
- A church in Cheshire sourced a delivery of over 200 tins of soup perfectly timed as we had recently stepped out in faith to open the Beacon for an extra night.
- DLD distributions are blessing us with cleaning & kitchen supplies while other companies are donating some food items.
- The Beacon, our offices and one of our 'friends' flats were given a much needed make-over by Project Caleb's team; the young men were conscientious, hard working & blessed us all incredibly.

Please Pray

- for 'L' (as mentioned in our newsletter) please pray for God's protection and hand on his life as he goes to France.
- for a lady 'L' who recently lost her baby after just 2 days, may she know God's comforting presence.
- for a young man also 'L' suffering from horrendous abscesses on his legs please pray for healing.
- for continued good health for all our Staff and Volunteers
- for more opportunities to share the gospel through word, action and deed
- for more volunteers for our daytime sessions in the Beacon – if you make a good cuppa, have a friendly smile, a listening ear and can offer some words of encouragement to the men and women we meet, we would love to hear from you.
- 'K' and 'K' are two ladies both in early stages of pregnancy, please pray that they would come to know the Lord, that they will secure accommodation and get the medical help they need.
