## ***Praise God***

- Despite the sale of the Beacon falling through, God has turned what was meant for bad into good; the Beacon is now open again with the addition of the evening soup run, allowing us to share even more of God's love and blessing while meeting the practical needs of the men and women we meet.
- For such a tremendous response to our Harvest appeal, bless you.
- We've recently made some changes to the upstairs layout of the Beacon in the form of two private rooms, having stepped out in faith in response to such great need in particular for medical consultations.
- For our Dedicated Staff, Trustees, Volunteers and Supporters, a very special thank you, we pray God's blessing on each and every one of you and your families this Christmas time. You truly are showing the Love, Compassion and Servant nature of Christ by standing with us and blessing the men and women we meet.
- For every seed sown and for the transformations we continue to see as Christ's love impacts our friends and we see lives changed.

## ***Please Pray***

- God's intervention and perfect timing as we trust everything in his hands with regards to the sale of the Beacon and new premises.
- Please pray that God will open doors of opportunity for increased funding, allowing us to offer even more projects also pray that Businesses and Church members might offer up services, products or skills to help take us ever forward.
- We urgently need volunteers for our Boutique and for some of the weekly sessions; please pray and act on our behalf.
- For this Christmas time to be an increased time of sharing among our friends, pray God's holy spirit will open the hearts and minds of our friends so that even more might encounter for themselves the life changing good news of Christ.

*Please remember our Boutique for good quality bric-a-brac, winter clothing and suitable donations for Christmas gifts & party wear*

## ***Love one another as Christ loves you, It's easy to show your love this Christmas***

Christmas is just around the corner and many of us are buying presents, planning festive meals, get-togethers or parties with friends or family. For the majority of the men and women we meet, life is very different and our friends often become acutely aware and saddened by their own situation faced with the constant reminder of people partying and shopping in the city.

If we ever needed a reason to especially bless our friends, now is the time you can help bring some festive cheer – please ask your friends, workmates and neighbours too. We see around 200 people a week so whatever you can give would be amazing.
